Discover the potential of this beautiful 21+ acre property, ideal for ranching, farming, or your dream country retreat. While the home offers little value, the true treasure lies in the IRRIGATED land, river frontage, and well-established infrastructure ready to support your vision. Enjoy the convenience of river access and the benefit of already-planted alfalfa fields, making this a turnkey opportunity for agricultural use. The property is partially fenced and includes a massive hay shed, large shop, tack room, and a detached break room everything you need to hit the ground running. Ideal for buyers seeking usable land with existing infrastructure. Bring your plans and restore this property to its full potential with a little TLC.
